### **Richland Newhope debuts new website and video**

(Mansfield, OH) - Richland Newhope's website has a new look. The website has been redesigned to make it easier to find information about the agency. It also includes new photographs and graphics.

As part of the redesign, new resources for individuals and families were added, including emergency preparedness tips, a glossary, individual rights, and easy access to a provider search. In addition, there are links to websites for Richland Newhope Industries, Inc., Element of Art Studio/Gallery, and Richland Newhope's Facebook page.

The website also includes a link to Richland Newhope's YouTube channel, which features a new agency video. Entitled "Possibilities," the video tells the personal stories of three individuals who receive supports from Richland Newhope.

"Their stories demonstrate that, despite numerous challenges, many things are still possible for people with developmental disabilities, such as employment and independent living," says Richland Newhope Community Relations Director Jane Imbody. "The new video shows how we partner with individuals and families to explore those possibilities and opportunities in their community."

Both the website redesign and agency video were funded with federal stimulus dollars.

Richland Newhope's website address is [www.rnewhope.org](http://www.rnewhope.org).
